

Designing A Dementia-Friendly Home

Dementia-Friendly Bathroom

- 1 - Door kept open. Door handle contrast. Doors unlock from outside.
- 2 - Good ventilation, fresh air, natural light.
- 3 - Colored toilet seat. Grab rail near toilet. Toilet roll easily seen.
- 4 - Hand-held shower.
- 5 - Grab rails in shower and contrasting.
- 6 - Remove curtain.
- 7 - Heat lamps for warmth.
- 8 - Shower seat.
- 9 - Motion-activated lighting.
- 10 - Socket covers or waterproof sockets.
- 11 - Remove or cover mirrors.
- 12 - Ensure even lighting.
- 13 - Common items seen easily.
- 14 - Use familiar fixture styles. Flood prevention and detection devices to detect potential flooding.
- 15 - Warm, inviting and safe. Use textures (soft towels) to add sensory variety.
