3) Poster Instructions (for Seniors only) - Deadline: July 31, 2016

Please follow the guidelines below in creating your poster for printing:

It is highly recommended that MS PowerPoint be used to set up your poster. You will need to set the size of your poster. To do that, go to "Page Setup" and select "Custom" from the "Slides sized for" drop down list. Recommended size is 54 inches (width) and 40 inches (height). Select landscape orientation.

Title: Use font size of at least 70pt

Authors and Affiliations: Use font size of at least 50pt

Your poster should include the following headings (use font size of at least 40pt):
    Introduction
    Objectives and Hypotheses
    Methods
    Results
    Conclusions or Discussion

The text under each of the headings should be at least 24pt.

If tables and figures are used, the recommended font size is at least 16pt.
