N95 Certified Fit Testing locations:
N95 Fit Test/Train the Trainer: Email to hiN95fit@gmail.com: include needs, scheduling, requests, coordination.

ORDERING PPE

HIEMA:
For eligible state licensed or certified care homes or health facilities, go to https://hawaii-medical-alliance.myshopify.com/ for information, and to register to order and receive PPE at no cost.

HHEM:
1. For HHEMC members, access HHEMC Website EOC platform
2. For non-HHEMC members, email: info@hhemc.net and submit requests for PPE which include gloves, masks, gowns and face shields.
3. There is a tiered priority system; HHEM requests the following information: current number of COVID+ patients, what kind of PPE conservation measures are in place, current PPE supply and burn rate (rate of use). HHEM may ask for additional info.

Masks4Hawaii: Complete google form: https://docs.google.com/forms/d/e/1FAIpQLSejUaqfl7T2pIKrr0YbhdWTZR_koEAC83mpkd1wUP74pQA/viewform (These donors are not using a standardized pattern. Some donors are sewing masks with filter pockets). Maximum per batch order is 25.

Kupuna Kokua: Donating cloth masks, surgical masks, and hand sanitizers to kupuna that sign up with the organization at https://www.kupunakokua.org/kupuna-sign-up/.

Wilson Care Group: For healthcare providers including N95, surgical masks, goggles, face shields, gowns, gloves, etc. You may set up an account and order PPE at BeWellHawaii.com

For those who cannot afford or access surgical masks: http://www.every1nehawaii.com/

Surgical masks: Naomi Masuno at Rotary Hawaii at masuno1@aol.com

DECONTAMINATION SYSTEMS

• Hydrogen Peroxide Vapor: Medical care providers/first responders are able to enroll online by visiting www.battelle.org/decon. With that enrollment, they will receive information on how to collect, package, and ship masks to our system, located in Mililani, HI for decontamination. Goal of 72-hour turnaround time + 1-2 days for shipping. For more info: https://www.battelle.org/inb/battelle-ccds-for-covid19-satellite-locations and https://www.battelle.org/ccds-facts
• UV Radiation: For decontamination of Surgical Masks only, please contact HPH susan.nonaka@hawaiipacifichealth.org

ALTERNATIVES

Face Shields:
• Other substitutes: Safety Glasses or Goggles (useful when bathing patients)
• Order from https://www.masks4hi.com/ (via UH-JABSOM, Mid-Pac, Kauai High School)
  o locally sourced proper PPE which includes surgical masks, N95, shields, goggles, and isolation gowns.
• Order from schools/individuals who are 3D printing these.
• Consider purchasing your own 3D printer and make an ongoing supply for your facility.
• DIY: https://www.michaels.com/diy-face-masks-and-shields/acetate-face-shield/acetate-face-shield

Cloth Face Masks:
For DIY Fabric Masks, Olson style with pocket for filter, and tape for seal. Recommended material: cotton mix, or tea towel.
PPE Resources for Hawaii Providers of Care  
As of 8/28/2020

https://www.youtube.com/watch?v=ZnVk12sFRkY  [18:20 min]

Filter options: Surgical drape, Blue shop towels (from auto shop), Coffee Filters
Note: cloths masks can also extend the life of a surgical mask or N95 mask.
